Toshiba CAMILEO® X416 HD Camcorder

Take great movies. Make great memories

Part#: PA3974U-1C8K

Description

Want to make better memories? Get a camera with better features—Toshiba's CAMILEO® X416 Full HD Camcorder, and unleash the artist within.

Fill the frame without destroying the picture, thanks to a powerful 23x optical zoom lens and Electronic Image Stabilization. Like all CAMILEO® models, the X416 camcorder records stunning 1080p full HD video and does so in stereo, lending sensational sound and visuals to your take on parties, vacations, graduations and other events. Need better audio? Use the built-in microphone jack.

Style things up with slow-motion, time-lapse, black and white filter and other special features. Then use the easy on-screen editing on its large 3" touchscreen to trim the videos to your liking. Keep shooting longer with an integrated 16GB memory capacity that allows for about three hours of Full HD video, with support for up to 128GB of storage using SD/SDHC/SDXC memory cards (Sold separately. See manufacture specs for details.) Press the Pause button to stop wasting storage space and reduce file clutter by recording multiple moments into a single file. Moreover, when you just want to capture still photos, you can bet your friends and family will be all smiles with the help of smile detection. And when you're done shooting, plug in to your computer and easily upload your creation right to the Web with Toshiba's CAMILEO Uploader*. Charge the X416 camcorder via USB or an AC adapter. Plus, expand your potential with included accessories, like a mini HDMI® cable, remote control, and deluxe soft carrying case.

Looking for a camcorder with loads of features and possibilities? Grab hold of Toshiba's CAMILEO® X416 1080p Full HD Camcorder.
